

Statewide comparison of student eligibility and participation in dual enrollment opportunities over time (Combined totals of 11th and 12th grade students in Michigan's K-12 public schools)

Source: School Infrastructure Database (SID), Single Record Student Database (SRSD) 2003-2006

Totals represent the combined number of 11th and 12th grade students.

Eligible students were defined as a student enrolled in at least one high school class in grade 11 or 12 who has completed all the sections of the 11th grade MEAP (definition for 2003-2006).

Participating students are those for whom tuition and fees were paid while enrolled in at least one high school class in grade 11 or 12 as well as in a postsecondary institution during the district's regular academic year.
